Weekly Reflection

What a wonderfully busy and vibrant week we've had in school! The sunshine has been an added bonus, lifting everyone's spirits and bringing an extra sense of energy to our learning and play.

From classrooms to the playground, there has been a real buzz as children have taken part in a wide range of activities, showing curiosity, kindness, and enthusiasm in everything they do.

A huge thank you to everyone who supported our SIAMS inspection yesterday. Days like this truly highlight the strength of our whole school community. Our children were absolutely outstanding—they spoke confidently, behaved impeccably, and demonstrated the values that sit at the heart of our school. Staff and families also played a vital role, and I am incredibly grateful for the warmth, openness, and commitment shown throughout the visit.

We expect the final report to be published within the next 15 days, and we will look forward to sharing it with you as soon as it arrives. We hope it will reflect the dedication, compassion, and hard work that make our school such a special place.

Elsecar in Bloom

As a school we are so grateful to our amazing community who support us. Thanks to the generosity and kindness of local companies who sponsored one of our winter Snowflakes, we were able to gift every child in school a book for Christmas. We are now looking to raise funds this spring to replenish the flower baskets and beds around the school with colourful cheery flowers. The funds will also contribute towards plans the School Council and Worship Councillors have to refresh the Reflection Area and buy fun playground equipment for all to enjoy during breaktimes.

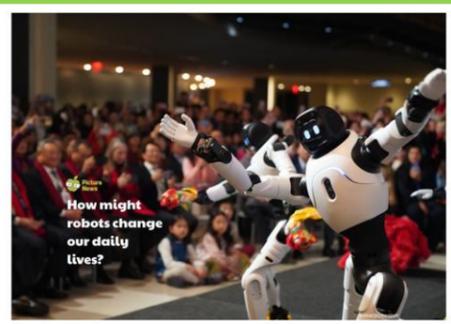

Could you sponsor one of our flower baskets?

For this you will get your company logo or family name displayed and advertisement in the school weekly newsletter. We are also happy to take donations of bedding plants and flowers.

Please contact School Reception or Claire Race crace@eht.dsat.education by 25th March to arrange this.

Thank you for your continued generosity to help make our school a place where all children can flourish!

British Values

Individual Liberty

Designers used their freedom and individual liberty to create the robots. The invention mixes tradition with new technology, leading to conversations about how robots might help us in the future.

Mad Science

The children were absolutely captivated from start to finish as our visiting scientist brought learning to life with exciting experiments, eye-catching demonstrations, and plenty of opportunities for the pupils to get involved. The hall was filled with laughter, curiosity, and wide-eyed wonder. It was fantastic to see our learners so enthused and inspired by science, and the session has certainly sparked lots of conversations and questions back in classrooms. A brilliant experience for everyone involved!
