

How the School's Vision and Junior Librarians Connect

The Junior Librarians are a practical embodiment of Elsecar's vision:

Inclusivity & Respect 	<i>Junior librarians show inclusivity by welcoming all pupils to the library and helping everyone find books they enjoy. They show respect by listening kindly, taking care of resources, and treating others fairly.</i>
Community & Faith 	<i>Junior librarians show community by working together to make the library a welcoming space for all. They show faith by serving others with kindness, encouraging reflection through reading, and helping pupils grow in wisdom and understanding.</i>
Wisdom & Aspiration 	<i>Junior librarians show wisdom by making thoughtful choices and helping others use the library responsibly. They show aspiration by encouraging a love of reading, setting a good example, and helping others grow in confidence.</i>
Love & Compassion 	<i>Junior librarians show love and compassion by noticing when others need help, offering support with kindness, and treating everyone with care and understanding.</i>

Elsecar's Junior Librarians bring our vision to life by promoting a love of reading, showing kindness and care to others, and helping everyone feel included and supported. Through their thoughtful actions, they help our school community flourish in wisdom, respect, and aspiration.
